WHY IT SUCCEEDS.

Because It's For One Thing Only, and Hondo People Appreciate This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills are for one thing only.

For weak or disordered kidneys. Here is Hondo evidence to prove their worth.

Mrs. X. Wantz, Hondo, says: "My kidneys were disordered for some time. A dull bearing down pain appeared in my back which greatly increased until I had to give up. I couldn't stoop over or straighten up again without severe pain. I saw Doan's Kidney Pills advertised and bought some at Martin's Drug Store. From the start Doan's did me good and I gladly recommend them to others." (Statement given May 29, 1915).

On May 3, 1919, Mrs. Wantz said: "I think just as much of Doan's Kidney Pills today as when I gave my former statement. I have had no occasion to use them since, for the cure they worked then has proven permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wantz had. Foster—Milburn Co., Mfgs., Buffalo, N. Y.

Cholly (to shopman): "I say—aw could you take that yellow tie with the pink spots out of the window?"

Shopman: "Yes sir. Pleased to take anything out of the window."

Cholly: "Thanks awfully. The beastly thing bothers me every time I pass. Good morning."

If the bowels do not act regularly assist them with an occasional dose of Herbine. It is a fine bowel tonic and laxative. Price, 60c. Sold by W. H. Windrow.

The Financial Cootie.

The unsettling of foreign exchange has bred a considerable contempt for foreign currency in the minds of certain Americans. The American father of one Yank who had stayed in France to "clean things up" had established a generous line of credit for him. Friend Son began to hit things up rather hard, and in consequence the father received a cablegram reading: "Your son's account already overdrawn 100,000."

To which he cabled back to the bankers: "If you mean dollars, send him home; if you mean pounds tell him to be careful; if you mean those funny little things let him have all he wants."—American Legion Weekly.

WINTER EGGS

"The first winter I used Dr. LeGear's Poultry Prescription, it made me a lot of money. I have 61 hens and sold in January \$44.00 worth of eggs, beside what we used ourselves." —C. D. McCormick, Irmo, Idaho

Poultry Raisers who get an abundance of eggs, use Dr. LeGear's Poultry Prescription, which tones up the system and stimulates the egg-producing organs without injury. If you want eggs this winter when eggs mean money, get Dr. LeGear's Poultry Prescription from your dealer right today. Dr. LeGear is America's foremost Expert Poultry Breeder and Veterinarian. For any ailment whatsoever among your poultry or stock get his remedies from your dealer. They must satisfy you, or your dealer will refund your money.

Simple Truth.

The theater was crowded and the audience sat with bated breath as they watched the villain stride across the stage and grasp the trembling heroine roughly by the wrist.

"Ah, I know your father's secret!" he hissed in her ear. "At last you are in my power. Will you become my wife, or shall I make it known to the world? I have discovered that he has 10,000 stolen tins of condensed milk stored away in his strong room. I am the only one who knows his secret."

"Have pity on me!" implored the heroine. "What if it should leak out?"

"If it should leak out," replied the villain, "it would be a mess."

If your child eats ravenously at times and at other times has no appetite at all, look out for worms. White's Cream Vermifuge is the remedy to use. It clears them out. Price, 35c. Sold by W. H. Windrow.

DESIGNED MANY FAST YACHTS

Charles Jackson Paine, Famed as Builder of Successful Defenders of America's Cup.

Recent yachting events between the Resolute and Shamrock accentuate the birthday of Charles Jackson Paine, Born August 26, 1833, and died within a few days of his eighty-seventh birthday, four years ago.

Besides being a soldier of distinction in the Civil war, Colonel Paine took an ardent interest in yachting and became a master of yacht designing and sailing. It was in 1885 that he formed the syndicate that built the Puritan, and also served at the head of the committee which had charge of the races of that year. Later he became sole owner of the Puritan, but later sold it to Commodore Forbes.

In 1886 he built the Mayflower, which defeated the Galatea, and the Volunteer, which successfully contested the America's cup with the Thistle. The New York Yacht club, especially honored Mr. Paine and his fellow members presented him with a silver cup in commemoration of his triple defense of the America's cup.—Chicago Journal.

Croup and Colds.

Are dangerous if allowed to run in both children and adults. A splendid remedy for them is Fidelity Volmine, a penetrating volatile salve, applied to chest. This is also excellent for bronchitis, catarrh, whooping cough, tonsillitis and asthma. When it's Fidelity Quality you're sure it's pure. Fidelity Volmine is sold by all druggists and in Hondo by Fly & Mercer and W. H. Windrow.

When Run-Down

HOUSTON, TEXAS.—"I was in a terribly run-down condition of health after a siege of ptomain poisoning, and then the influenza. I could not seem to regain my strength and was really not able to do my housework. I knew I needed a good tonic and builder and remembered how my folks used to regard Dr. Pierce's remedies in my girlhood days, and then I decided to take Dr. Pierce's Golden Medical Discovery. After taking the second bottle my strength returned rapidly and I felt better in every way.

"I am glad indeed to recommend the medicine that has done me so much good and do not hesitate to give this statement."—Mrs. GERTRUDE SELL, 2117 Common Street.

Few families have not at some time or other used the "Golden Medical Discovery" for the stomach, liver or blood. Over twenty-four million bottles of this tonic and blood remedy have been sold. All druggists. Liquid or tablets.

Geiger-Halty.

A pretty wedding took place at the parsonage Wednesday, Nov. 17, at 4 o'clock when Miss Pauline Halty became the bride of Albert Geiger, Rev. A. Heckman reading the marriage ceremony. The attendants were Albert Halty and Miss Hedwig Zinsmeyer. The young couple will make their home below Lacoste where Mr. Geiger is engaged in stockraising and farming.

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. White-side, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Thedford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.

WHERE IS YOUR SPORTS-MANSHIP?

The above question might be asked of Del Rio and also of Sabinal. Hondo High School was victorious over both in gridiron battles and these towns were such poor losers as to insinuate that the Blue and White won these games by cheating and by crookedness.

In answering these charges, we will take up Del Rio first. That Del Rio could do what she has done surprised the Hondo High football team, for while the team was there it seemed to have received the best kind of reception. However, the newspapers published in Del Rio have made three serious charges against Hondo High School. These are: First, that "there were players on the team who hadn't seen a High School in years;" that the game was lost to Del Rio because a Hondo umpire disqualified a Del Rio High School man just for the sake of crookedness, and that a Hondo High player tried to steal the Del Rio football team's football.

Hondo High has not played a man in a football game this season who was not eligible by the interscholastic rules. Every man who played in the game on Nov. 6th has been attending school this term and is now attending school. To prove this we may have the word of our superintendent and of the chief business men of this city.

The second charge is merely one of a scab. Any team that cannot bear to lose one man is sure in a poor condition. Also, why did not the referee, a Del Rio man, contest the decision of the umpire if he did not think the man disqualified had not committed the foul. Another argument is that the D. R. H. S. team was defeated by Uvalde overwhelmingly by a score of 89 to 0. And Hondo High has defeated a team who defeated Uvalde by the score of 21 to 6. It was only Del Rio's luck not to be beaten by a larger score than that which Hondo High made.

The third charge should really be thrown aside, but we will answer it. Why should Hondo attempt to pilfer a football whose best days were over, when a "brand-new" J-5 had been promised her by the American Legion on Armistice Day? Also, Coach Hardin of Del Rio did not catch a Hondo player with the ball. It was given to him by our coach who explained the mistake that had been made.

The Del Rio High School may not be responsible for the statements published, as it was a city paper and not a school paper in which the charges appeared. But even so, if the sentiment of the school was not with the paper why did not the members of the faculty correct it immediately? We have seen the paper of November 16th and nothing was said. Whether corrected or not, Del Rio will have the stain of "poor losers" on her hands. For a team that can not lose without charging the other team with crookedness is not worthy to meet in a gridiron battle.

Now, as to Sabinal, we are simply disgusted with her. Everyone who saw the game on Armistice Day reports that it was a clean game and a square refereed one. However, at the end of the game Griffin of Sabinal was so upset at losing the game, that he had been confident of winning, that he called the referee a crook. After this uproar was settled, an article came out in the "San Antonio Express," saying that Sabinal lost because every time they neared our goal they were penalized, and that when a team has to defeat the referee also, it can not defeat the team. This is a lie. In the first place, Sabinal never got near enough to our goal to lose a touchdown through a penalty. Also there were only two penalties inflicted in the whole game and one of these was on Hondo. The town spirit does not show up very well from these facts. The team first was so confident of winning that they said the game was as good as won, and then when it was lost instead of "cussing out" themselves they began bawling, "crooked, crooked." A team that gets the "big-head" when it wins, and then calls the other fellows cheaters when the latter win, is not worth the price of admission to our games.

No Worms in a Healthy Child. All children troubled with worms have an unhealthy condition. It indicates poor blood, and as a rule there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 90c per bottle.

Still Cheap.

Little Ruth was ready for Sunday school when father called her. "Here," he began, "I want you to buy me a Sunday paper on the way home from Sunday school. Let's see—It's 8 cents now instead of 5—Isn't it?"

"And don't forget to give her a penny for the collection," mother called from the dining room.

Ruth took the penny and eyed it solemnly. "Isn't it nice, daddy," she asked, "that while everything else keeps going up in price Sunday school stays just the same?"

Catarrhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness and that is by a constitutional remedy. **HALL'S CATARRH MEDICINE** is the only medicine that cures Catarrhal Deafness by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you hear a rumbling sound or imperfect hearing, when it is entirely closed, Deafness results. Unless the inflammation can be removed and this tube restored to its normal condition, hearing may be lost forever. Many cases of Deafness caused by Catarrh, which is an inflamed condition of the Mucous Surface of the Eustachian Tube, can be cured by **HALL'S CATARRH MEDICINE**. All Druggists 75c. Circulars free. Uvalde-Hondo Basketball Game.

HONDO 23—UVALDE 13.

Hondo showed basketball game
at Uvalde matched the team work and
all-around ability of the former's team
to be far superior to that of Uvalde.
The latter scored the first two points,
after which Hondo secured the ball and
scored till end of first third showed
11-7 in Hondo's favor; second third,
15-9; and end of game was 23-13 in
Hondo's favor. Though making some
sensational goals, Uvalde did not come
up to Hondo's (especially Sadie Earn-
est's) consistent, good playing.
"Bugs" Hutzler, against Uvalde's
best player, played a game almost
without an error. She won the box of
Mary Garden offered by Mr. J. W.
Parker in this series of prizes.
Lucile Hollaway, playing her first
match game, was exceptionally free
from the nervousness usual to unsea-
soned players. The sportsmanlike be-
havior of the rooters and team of
Uvalde was particularly notable and
the banquet and entertainment at the
American Legion hall, given for the
visitors, was very successful.

Hondo-Uvalde Football Game.

HONDO 21—UVALDE 7.

Hondo High eleven won its greatest
victory Thanksgiving Day when it won
a decisive victory over Uvalde High.
The game was clean throughout and
no squabbling was heard.

The game was played on a muddy
field and straight foot ball predomi-
nated. Uvalde kicked to Hondo who re-
turned it to midfield. Then Hondo
went down the field plowing through
Uvalde's line and running around end
until Blocker made a long run for a
touchdown. Batot kicked goal. This
was the only score made during this
quarter.

In the second quarter Hondo was
forced to punt. Uvalde fumbled and
Lacy picked up the ball and carried it
across for Hondo's second touchdown.
Goal was kicked. In the same quar-
ter Uvalde retaliated by the same
method and the half ended Hondo 14-
Uvalde 7.

The second half opened with Uvalde
receiving. Hondo held and toward the
end of the quarter Filleman made a
long end run, and the next play Ben-
dele carried it around end for the third
touchdown.

The rest of the game was a fight
without odds between the two elevens
—the ball going up and down the field
but neither team threatening the
other's goal. The game ended with
Hondo 21-Uvalde 7.

Hondo had numerous penalties in-
flicted. About fifty yards were lost
in this manner, and this probably
meant the loss of a touchdown.

By winning this game Hondo is
practically champion of this District,
for Uvalde has won from all of the
teams playing this year.

"But I 'eard some bloke say as 'ow it

DOCTORS ADVISED HIM TO TAKE IT.

A. F. Roberts, Successful Cattle
Dealer, Gains 16 Pounds In
60 Days Taking Tanlac.

"One of the best physicians in Colo-
rado advised me to take Tanlac, and
it has not only overcome my troubles
but I have gained sixteen pounds since
I began taking it sixty days ago,"
said A. F. Roberts, of Rocky Ford,
Alberts, Canada. Mr. Roberts is one
of the largest cattle dealers in his part
of the country and before moving to
Canada a short time ago he had spent
most of his life in Colorado.

"I now understand why Tanlac en-
joys such wide popularity," said Mr.
Roberts, "and it deserves all the
praise given it."

"For two years I had suffered acutely
from stomach trouble which became
so bad I could hardly retain anything
at all. I was too nervous to get a
good night's rest, was badly consti-
pated and was troubled a lot by dizzy
spells. Finally I became so weak and
run-down that I could hardly get
about."

"My physician certainly knew what
he was doing when he prescribed Tan-
lac for me, for it has done its work
wonderfully and I am now as healthy
and strong as I ever was in my life. I
haven't a trace of stomach trouble,
nervousness or constipation left and
simply feel fine all the time. Tanlac
certainly deserves the strongest
recommendation I can give it."

Tanlac is sold in Hondo by W. H.
Windrow; in Castroville by Joseph
Courand & Co.; and in Dunlay by Louis
A. Baby.

ORIENTAL POPPY IN HISTORY

Alleged to Have Caused the Fall of Ancient Rome, When It Was Used as a Symbol.

Little does the poppy brook of secrets as it flaunts the scarlet satin of its petals proudly over the submissive border, declares the Christian Science Monitor. There is no straighter flag-staff than the thick and hairy stems, and no richer banner than the enormous crinkled pennants of this oriental despot. Yet it has that to tell which befell long years ago that might well have caused the crimson of his petals to turn a shade deeper.

This oriental poppy was cultivated in the royal gardens of ancient Rome, a regal symbol of autocracy. There it was that Tarquin the Proud, in his futile war against the Gaians, called on his son, Sextus, to surrender himself to the Gaians as a willing convert to their cause. Sextus, by this ruse, entered the invincible city of Gaians and soon became commander of their armies against his father. At this point he sent a messenger to Tarquin the Proud asking for further instructions. The messenger was met in the royal gardens. Tarquin spoke no word in answer, but walking by a fine clump of poppies, silently decapitated the tallest and largest blossoms. Sextus took the symbolic message to heart, and did likewise to the most powerful of the Gaians, thus causing the downfall of the city and its surrender to Tarquin.

Tournefort discovered this oriental variety, Papaver orientale, in Armenia, and sent the first seeds to Paris, whence it spread to all parts of Europe, reaching England in about 1714. The other species of poppy were already known to Europe, for Gerard, writing in 1587, says of them: "Being of many variable colours and of grate beautie, although of an evil smelle, our gentlewomen do call them Jone Silver Pin."

Victorian England made no great favorite of the poppy, at a time when delicacy of odor and elegance of form were the prerequisites, and bouquets were enjoying national popularity. The poppy found no place in this category, for its blazing petals fall too quickly, its smell is anything but pleasant and its texture so fragile and wanting in endurance, all combine to make it unsuitable for the bouquet.

But its striking appearance, once seen, could never be forgotten, nor its color lost to the garden. Carlotta, the wife of Maximilian of Austria, remembered it. When she and her husband crossed the sea, after they had accepted the empire of Mexico, to take possession of their new dominions, supported by the French, they wished to institute an order to be bestowed as a mark of favor on their subjects. The empress decided on a ribbon of bright red. When Napoleon III of France heard of it, he objected, because, he said, red was the color of his own Order of the Legion of Honor, and he did not choose to have it copied. It was then Carlotta remembered the poppy. Inclosing a scarlet poppy petal in her letter, she wrote him that the Order of Nature evidently antedated the Order of the Legion of Honor, and that she chose her ribbon from the hue of the poppy.

Unanswerable Argument.

An American teacher undertook the task of convincing an indolent native son of the Philippines that it was his duty to get out and hustle.

"But why should I work?" inquired the gulleless Filipino.

"In order to make money," declared the thrifty teacher.

"But what do I want with money?" persisted the brown brother.

"Why, when you get plenty of money you will be independent and will not have to work any more," replied the teacher.

"I don't have to work now," said the native—and the teacher gave it up in disgust.

Expensive Melody.

"Ah! Life with you would be one grand, sweet song!"

"But I'm a practical girl. To me there's music in the purr of an expensive motor, in the soothing tones of a French maid, the suave replies a well-trained butler makes, the honeyed words of tradesmen eager for my patronage, the—"

"Say no more, Angeline. You are talking about the kind of music I can't provide."—Birmingham Age-Herald.

Getting Desperate.

"A delegation of suffragists to see you, sir."

"Tell 'em I'm out," said the harassed statesman.

"They said if you were out they would wait until you returned."

"All right, let 'em wait. I'll sneak out the back door and go to Europe."—Birmingham Age-Herald.

Another Kind.

"Do you see yonder house? I know for a fact there are spirits in it."

"A haunted house? How interesting! Do the spirits make a disturbance in the sleeping rooms?"

"No; they are kept in the cellar."

No Need.

"Why don't the open cars make provision for thunderstorms?"

"My dear man, don't you know that to street cars every kind is fare weather?"

Bygones.

"We must let bygones be bygones."

"I endeavor to do so. I no longer give a thought to the time I wasted making up my mind how I would vote in the primaries."—Washington Star.

WHY THEY WERE IN CUBA

Party of Tourists Finally Found Who Were Willing to Tell the Truth About It.

An old friend of the writer of this item, who has been "covering" the water front at Havana for the last twenty years, writes that for the first time in all that period he greeted some tourists who came right back at him with the real plain unvarnished truth as to the reason for their visit to Cuba.

These fellows hailed from Louisiana and Texas, and when accosted with the time-worn interrogation, "Any special significance to your visit here?" they did not camouflage.

There was nothing about climate, nothing of business or seeing the world.

"Significance? Sure! We just came over for a little drink!" was the prompt though utterly unexpected answer.—Los Angeles Times.

The Makin's.

A puzzled group of men had gathered about the window of what was formerly a saloon on a street uptown. The object of their gaze was an exhibition of so-called "domestic" and "imported" hops. A sign gave forth the information that malt also was for sale.

"Wad'ythink it means?" asked one.

"It's the 'makin's," said the other.

"Whazzat?"

"The makin's, jus' like for cigarettes. Now they have it for beer. You buy the materials, take 'em home, mix 'em up. Result: Hooch!"

"Legal?"

"Huh, I dunno. Prob'ly not."—New York Evening Sun.
